FOUNDATION

“Never underestimate the valuable and important difference you make in every life you touch. For the impact you make today has a powerful rippling effect on every tomorrow”.

WELCOME

At SBO we believe that education is an equalizer to battling longstanding gender discrimination and inequality, and the most powerful sustainable tool to eliminate poverty from our society. Education for the girl child is a lifeline towards achieving true gender parity and ending economic exploitation and patriarchal oppression for this demographic. As popularly said, "No country can ever truly flourish if it stifles the potential of its women and deprives itself of the contributions of half of its citizens." Investing in the education of the girl child is a definite way of ensuring a progressive and sustainable Nigeria and we cannot do it alone.

Our goal is to continue to foster solutions to eliminate the many factors that impede the girl child from accessing quality education and create an inclusive and diverse educational system in Nigeria where every girl can thrive and reach their full potential. Through your support and donations, we know we can achieve this goal. We look forward to you being part of our impact story.

Love, SBO Foundation.

WHO WE ARE

SBO is a multidimensional foundation, focused on creating avenues for growth, poverty alleviation and financial inclusion through female education and empowerment. We aim to close the gaps that hinder proper access to quality education for the girl child in Nigeria by providing financial aid, support and empowerment through an end-to-end approach of financing of education, Counselling and Advocating for policies that prioritize the healthy development of the girl child.

VISION

Equal opportunities for all women & girls regardless of age, social orientation, economic standing, religion or culture.

MISSION

Anchored on love, we aim to break the barriers that impede the rights of girls and women in Nigeria through the instrument of education and financial inclusion while promoting equal opportunities to learn, work, and grow.

CORE VALUE

We are founded on the ideals of Excellence, Integrity, Collaboration, Social Justice & Equity, Accountability, and Innovation.

SBO AND THE SUSTAINABLE DEVELOPMENT GOALS

Quality Education

Gender Equality

Reduced Inequalities.

OUR INTERVENTION AREAS

FUND A GIRL

Provision of academic support through scholarships for out of school children in Junior Secondary schools across Nigeria.

SOFT SKILL TRAINING

Cognitive enlightenment through soft skill trainings to assist our seeds in discovering inherent talents/ potentials while positioning them for greater success academically, vocationally and socially.

RELIEF MATERIALS

Provision of basic amenities and sanitary wares.

COUNSELLING & ADVOCACY

Awareness on basic human rights, counselling on self-awareness and information on how/where to seek for help and assistance.

THE JOURNEY SO FAR

Education

As at February 2022, SBO Foundation has successfully funded Fifty (50) female students who were on the verge of dropping out of school. These girls who are based in Gbessa, a community in Abuja Municipal Area Council (AMAC), were enrolled in SBO's 2021/2022 scholarship program. Learning materials such as notebooks, textbooks, school bags, uniforms, and all necessary study kits needed by the girls for the academic session were made available to all beneficiaries (SBO Seeds).

Social and Moral Development

At SBO Foundation, we provide counselling, advocacy and mentorship to all our seeds. Currently, the foundation has over hundred children who are taught bi-weekly on personal hygiene, female rights, manners and etiquette in addition to other social developmental skills. These are executed through our Hear to Heart Sessions, Faith School (Optional), Monthly Trainings and skill empowerment outreaches.

Welfare Outreach

SBO Foundation understands the importance of holistic care in ensuring maximum cognitive development. As such, we routinely provide amenities to our seeds to ensure their focus is maintained on academic excellence. Via our outreach programs, we provide sanitary ware, personal items, health screenings, food items, amongst other items. These are distributed during our activations, end of session events and/or monthly sessions.

MEET OUR SEEDS
(GBESSA, ABUJA)

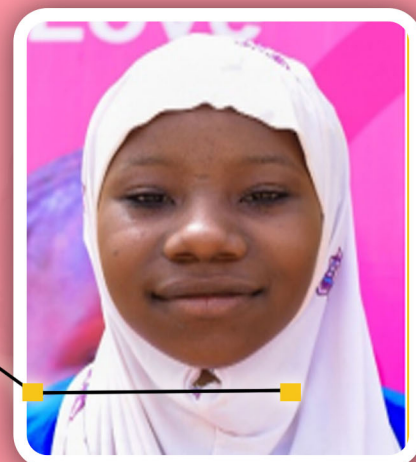

▼
My name is
Makuochukwu Nneji Precious
I am 11 years old and a JSS 1 Student.

I want to be a medical doctor, so I can help to save people's lives.

SBO has taught me to care for people, focus on my studies and also develop a good behaviour as a girl child.

I love reading novels, playing football and swimming. My favorite quote is "Study hard and work hard to achieve great things in life"

▼
My name is
Sidikat Rufai
I am 13 years old and a JSS 1 Student.

I want to become a nurse, so I can care for the sick and help save their lives.

SBO has taught me to be obedient, loving, and kind. I have also learned to be diligent and hardworking. SBO also came into my life at a critical time as my father was down with a stroke and afford to pay my fees, I am so happy because SBO has eased my mother's burden by paying my fees.

I love running and I believe education brings a bright future.

▼ My name is **Bonike Wuraola**
I am 11 years old and a JSS 1 Student.

I want to become a nurse so I can help treat patients

SBO has taught me to be kind, and hardworking in order to secure a good future

I love reading novels and my favorite quote is "Great achievements happen only through hardwork"

▼ My name is **Adeshina Oluwatoyin Ibukun**
I am 11 years old and a JSS 2 Student.

I want to be a Scientist, because I want to make great discoveries that would improve human life.

SBO has taught me that I can be the best at everything that I intend to do.

I love playing games, cooking, and reading and I believe that greatness and hard work go hand in hand.

▶ My name is **Opeyemi Oluwagbadura Sede**
I am 15 years old and a JSS 2 Student.

I want to become a fashion designer because I love fashion and would love to make people beautiful

SBO has taught me to love and help less privileged people

I love to sing, cook, read and write
My favorite quote is
"Successful people never get tired of working to attain their goals"

▶ My name is **Catherine Abia**
I am 16 years old and a JSS 1 Student.

I want to become a lawyer so I can help people get justice.

I am learning to be diligent, hardworking, and also to be generous to people.

After my primary school education, I was home for two years because my family could not afford to pay for my secondary education. I was so happy when I heard about SBO Foundation accepted me and granted me a scholarship.

MEET THEIR TEACHERS

My name is Adewale Ibrahim, I am the School site administrator for Junior Secondary School Gbessa (JSS Gbessa). I really appreciate the work of the SBO Foundation and I am proud of the performance of the students. I personally recommended a student that faced various family challenges and was unable to pay her fees and the foundation took her up and is currently sponsoring her education. I look forward to many more students benefitting from this program.

I am Mrs Edewo Gracious. I am a teacher at Junior Secondary School Gbessa. I have been assisting the SBO Foundation during their work in Gbessa. I am thankful for their help with one of the beneficiaries in particular who is from a family of 7, her father is late and her mother is a farmer. With the help of the SBO Foundation, the child has been in school and all educational / learning materials including uniforms, school bags, and textbooks among other items, were provided for her. For this reason, she has lacked nothing in the cause of her educational journey.

THE TEAM

Teleola Oyegoke
Co Founder

Solomon Babatunde Oyegoke was my father, and teacher, it seemed only appropriate for the foundation to be anchored on a name who advocated for the rights of women so passionately. He always said a woman is only limited by what she perceived could be her reality. He advocated for equality, for respect and fairness. A woman is equal. She is not better, wiser, stronger, more intelligent, more creative, or more responsible than a man. Likewise, she is never less. SBO advocates for equality in a world where girls are justifiably not represented or even seen. It gives the voiceless a chance to develop, build, learn and chart out visions they only thought impossible. We cannot do this alone, that is why we need your help in changing the narrative one girl child at a time. Therefore, we say, Welcome Partner!

Mrs Christiana Ojo
Director, Faith School

Education equips the society with knowledge in a way that is both accessible and practical, allowing present generation to guide future generations. An individual's education will never be complete without the teachings of tolerance, compassion, pluralistic ideals, respect, faith, honesty, and a range of other key social traits. SBO intellectually develops and morally imparts her beneficiaries through the faith School in order to lead and prevent them from becoming misguided or detrimental to society. This process equips them with the skills, habits, beliefs, and values that will enable them live a full and productive life. Our SBO seeds are endowed with vital positive attributes such as honesty, responsibility, mutual respect, helpfulness, kindness, and self confidence, all of which are required for any community to function. This knowledge is essential for living a healthy and meaningful life on a personal level. Incomparably, a solid moral education system is critical in shaping the present and future of a harmonious society.

THE TEAM

Gillian Frank Pepple
Project Manager

In view of the myriad of issues we currently face in our climate, the work we do at SBO has become increasingly pivotal as it has bared the fact that if we want to change the status quo we have to be intentional about education. The popular phrase that says "Children are the leaders of tomorrow" cannot be overemphasized, hereby educating these future leaders is the most powerful investment in securing a future we will be proud to call our own. The COVID-19 pandemic showcased the brilliant exemplary leadership and capacity of women and the positive outcomes of investing in women empowerment which starts with educating the girl child. If we can work together to ensure every girl child in Nigeria has access to quality education then we are on our way to building peaceful sustainable societies with thriving economies.

Adebola Naomi Saliu
Admin/Operation Support

At SBO foundation, we strive to build a better society through the empowerment of the girl child. Education is a ray of hope and the greatest rewarding investment for the future, simply meaning a brighter future for all. As a result, education is no longer a luxury but a necessity in modern society, a human right rather than a gift. Education has numerous advantages for both individuals and society, including the development of a creative re culture, the establishment of peace, and the realization of prosperity and growth. With the advent of different world challenges such as gender discrimination/child marriage, climate change, pandemics, and violence, among others, it is no longer acceptable for people to remain illiterate or uneducated in this age of "power of information.

PARTNER WITH US

Over the past few months, SBO sponsorship activities have been self-funded in order to adequately embark on a pilot to understudy the dynamics and intricacies for efficient and effective operations. Further to this, and in view of recorded successes in the Gbessa Community, the foundation is now well equipped and ready to expand across Nigeria.

Thus, we are soliciting both technical and financial support to ensure that our goals of providing basic education to the girl child are realized with dispatch.

In addition to our scholarship programs, SBO also provides additional support for social cognitive development through advocacy, counselling and provision of basic amenities to our SBO seeds. We have thus worked diligently in ensuring that there are well-crafted packages to suit the various capacities and interests of our sponsors.

We also look forward to fostering collaborations and partnerships with our sponsors by designing and executing programs that align with their Corporate Social Responsibility and our goals and mission at SBO.

HOW TO PARTNER WITH US

FUND A GIRL - SCHOLARSHIP PROGRAM

S/N	PACKAGE	DETAILS	COST (NGN)
1.	New intake (JSS 1)	Administration, Tuition & Registration, Uniforms, Notebooks, Textbooks, Stationary, Exam Fees	63,750
